BE PART OF OUR FUTURE

1

The first \$30K will be used to reconstruct the Department.

Then, 30% of the available funds will be used for student related activities such as: internships, cultural exchanges and academic competitions.

2

3

The next, 30% will support professors in their academic and research activities such as: research, international presentations and publications.

The last 40% will support our accreditation related activities: trainings, workshops and conferences; maintenance of infrastructure and equipment; guest professors and speakers.
